

Lesson Plan – Week of January 3, 2005

TEAM WORK

Soccer is a game that requires teamwork for success. Teamwork is not only used in sports and games, but in the classroom, at home, and many places in your life. Write a letter to a friend about a time when you used teamwork to succeed in getting a job done. In the letter, please describe the teamwork you used, why it was important to your success, and how it made you feel.
